**KIDS 15 AND UNDER WELCOMED FREE TO THE NEW JERSEY HOME & GARDEN SHOW,  
N.J. CONVENTION CENTER, EDISON, FEBRUARY 24-26**

**Special kids' activities join learning opportunities about protecting the environment**

Edison, N.J., January 23, 2023--Kids 15 and under are free to attend the 33<sup>rd</sup> Annual [New Jersey Home & Garden Show](#) at the New Jersey Convention Center in Edison, February 24-26.

After seeing the handcrafted work of artisans in the Marketplace area, the children can try a hand at embellishing and coloring an unfinished wood cutout they can take home. There will be balloon animals as well as old fashioned games like bean bag and ring tosses, tic-tac-toe, and a mini fishing pond.

In addition to these activities there are learning opportunities about a subject they may be covering in class: ways to protect the environment. They will see natural products that do the job and get ideas for repurposing belongings. One exhibitor, [Hempwood](#), manufactures sustainable lumber made of organically grown fiber hemp stocks that are as strong as hardwood and save forests. A laundry expert, The [Laundry Evangelist](#), Patric Richardson, aka The Laundry Guy, uses natural materials for safe and spectacular results and shows how to make cleaning fun. A repurposing authority, Doreen Stovenour, shares tips on how to salvage and transform items tagged for the dump.

Meanwhile their parents will see products from more than 100 remodelers, contractors, interior designers, landscapers and kitchen & bath designers -- most of them locally owned businesses. Exhibitors run the remodeling gamut specializing in windows and doors, gutter protection, closets, roofing, fencing, decking, heating and air conditioning, solar energy, power washing, siding, landscaping and excavation, deer control, bath fitters and basement systems.
